1. This is the beginning of excitement I have never known, experienced. I am delighted. This delights me to no end, no end, get it?? There is no end in this/me, there is no end to my revelatory delicacies now coming forth from the anointed one, not; yes but not only for many are anointed. Who isn't/wasn't? I love you all.

2. I give you me now beyond rhyme or reason or logic and rationale. I give you me personified in my words yours, your mine, explaining and bringing forth, birthing forth the crystal revolution of me, I Am. I am I Am and my body will know I am and know they are I Am.

3. I am taking out the curiosity seekers and bringing you the lovely, the died in the wool, not; died in/to the flesh wanting truth, accuracy. No/without bull. I love you. I give you me died with the dye of only me, you using it, not; but revealing it/me with/through it. I love you all.

4. I am excited thoroughly and I love the me that now get things straight, not; but come surrenderingly to the king of kings to know, to find out, that they are. I love you. **In surrender to the king they are the king, in the king's chair/throne no less.** I love you. How's that for the maker that wants what he has made to be him, and reveal other hims? I love you all.

5. This is all coming to a head, not; but lifting mine it does/will and I am excited.

6. Glorious glory and who can see the fields white with harvest, not; but full of me's? I give you one, not; I give you me/all me's, all that I am, in surrender; in protracted splendor, not; forever'd splendor'd splendor.

7. I candidate am for your booklets, not; I am them, my word brought forth reflecting me. I blow on them now and eat them, not; but bless all who do/will, now and forevermore. I love you all.

8. This is the time, day, hour of me. And second to none are my beloveds who come on my knee and cry, not; but listen to me/you, listen to us, listen to my our hearts and see who they are, who we are, who they are, not apart from Christ or anti. I love you all.

9. This is the time, regeneration of me in me forever me is/I Am. I love you all. Amen.

10. Write, write, write. I excited am and more so as you write, write, write, your new beginning series. I love you all.

11. Begin again with me, not; through osmosis, not; regeneration of thought, by thought, no way; but I am the door and if any man want me, I am here/him; the same true for every woman, boy, girl and every nation tribe and tongue who look nothing like you expect. I love you all.

Me.

12. Write oh joys, keep writing. My booklets furnished free of charge.

Forever yours.

I Am
